FOR IMMEDIATE RELEASE

Innovatix Awards Contract to Safety Bath Inc.

May 18, 2007— (New York, NY) Innovatix, LLC, one of the nation’s largest non-acute care group purchasing organizations, has awarded a contract to Saskatchewan-based Safety Bath Inc. Designed to allow limited mobility patients to bathe safely, the company is certified to American National Standards Institute and Underwriters Laboratories standards. Safety Bath pays all border costs and shipping arrangements. The contract provides eligible Innovatix members with a special pricing discount and is valid through March 10, 2010.

“We are thrilled to now offer our members the Safety Bath contract,” said John Hicks, Contracts Manager for Innovatix. “We know how important it is for long term care facilities to both meet compliance standards for bathing and allow their patients to maintain their comfort and dignity.”

Safety Bath was founded in 1992 by Ladimer Kowalchuk who created the first Safety Bath to allow his father, a large man weighing over 325 pounds, a safe and easy way to bathe. Safety Bath was recently awarded the 2007 ADEX Platinum Award for Design Excellence.

Innovatix, LLC is a full-service group purchasing organization (GPO) serving over 10,000 non-acute care facilities throughout the United States. Innovatix is a joint venture between a subsidiary of the Greater New York Hospital Association and a subsidiary of Premier, Inc.
