SAFETY Bath

Safety Bath Inc., makers of the walk in bathtub since 1992, is pleased to also offer two new products that can be used to make your existing bathtub accessible.

The Safety Bath Door Insert Kit and the Custom Safety Seat/Transfer Bench are separate and independent products, but perfectly compliment one another.

Door Insert Kit

Safety Bath's Door Insert Kit was designed to give users an accessible bathing experience without the need to replace their existing bathtub.

The Door Insert Kit will provide the user with years of bathing without the need to lift their legs over a high bathtub ledge.

- Manufactured from tough durable components
- No need to renovate the entire bathroom
- Enjoy a full length bath and a full length shower
- Available in a variety of sizes to fit your bathtub
- Available for left or right hand drain
- Retro fit kits available to convert step thru to walk in bathtub

Custom Safety Seat/ Transfer Bench

Safety Bath's Custom Safety Seat/Transfer Bench allows the user to bathe or shower in their existing bathtub while comfortably and safely seated.

- Constructed of high density polyethylene
- Weight capacity of 250 lbs, when installed correctly
- Many sizes that will fit virtually every standard bathtub
- Fastens to both wall and bathtub
- Folds up, latching securely to the wall when not in use
- Elegant
- Easy to clean
- Available for left or right hand drain
